Methods and Directions

I DREAM OF PAINTING

(i)FOURMED'AMBERT CROQUETTES WITH QUINCE JAM

- To create a béchamel (the base of the croquette) melt the butter in a pan, add 130g of plain flour and cook for 5 minutes, stirring all the time. Then slowly add the milk a little at a time, beating really well after each addition to keep the roux smooth. When all of the milk has been added, set the pan over a medium low heat and stir until it just comes to simmer, then cook the sauce gently for 5 minutes, stirring all the time. The béchamel will be very thick and smooth.
- Remove from the heat. Cube the cheese and add to the béchamel and stir for 2 minutes so the cheese melts into the hot béchamel.
- Spread out the béchamel onto a plastic tray or large dish to cool. Chill in the fridge for at least 6 hours, or preferably overnight until it is firm.
- Prepare 3 bowls and fill one with the remaining flour, one with the beaten egg and one with the bread crumbs. With the help of 2 spoons, shape the mixture into 24 balls; roll in flour, then egg and then bread crumbs.
- Heat enough oil in a deep frying pan to a depth of 4cm, to 190°C. Take the croquettes and fry 4 at a time for about 2 minutes until crisp and golden. Drain on kitchen paper and continue to cook the rest. Serve while still hot with the quince jam.

(ii)ST. NECTAIRE AND QUINCE TARTLETS

St. Nectaire Tart Crust

- Preheat oven to 180°C
- In large bowl mix together cake flour, grated cheese, salt and cubed cold butter. Bring them together with your fingers until its texture resembles that of coarse sand
- Add in one egg yolk and ice water and mix with your hand till everything's incorporated.
- Turn out dough and roll it out flat on a floured surface.
- Cut out 3cm-diameter rounds and line mini tart moulds.
- Half-bake the tartlets, for around 20 minutes.

Filling

- Mix together eggs, crème fraîche, black pepper, salt and nutmeg.
- Place shaved St. Nectaire at the bottom of each tart shell. Then top with a disc of quince paste. Spoon in the egg mixture and diced ham.

- Bake till the filling is set.
- Serve warm.

(iii) MINI SCONES WITH GRUYERE AND QUINCE JAM

Mini Scones

- Preheat oven to 200°C.
- In a large bowl mix together cake flour, salt, bicarbonate of soda, cream of tartar and grated cheese. Add in cold butter and mix with your fingers until its texture resembles damp coarse sand.
- Add in milk and mix briefly.
- Turn out on to a floured surface and knead lightly to form dough. Roll it out to 3cm thickness.
- Cut out 3cm diameter rounds and brush on egg wash. Bake till risen and golden.

Gruyere Cream

- Sauté chopped shallots in oil until soft and translucent.
- Deglaze with Madeira.
- Add in grated Gruyere and heavy cream and cook in medium low heat until cheese is melted.
- Cool cheese cream down a bit before injecting it with a syringe into mini metal 'paint tubes'.
- Insert quince jam into mini 'paint tubes' as well. Serve mini scones warm with tubes of Gruyere and Quince.
